PROFESSIONAL SUMMARY

B2B sales professional with hands-on field sales experience at TranZact, a B2B SaaS platform for SMB manufacturers. Owned the full sales cycle end-to-end — lead generation, cold outreach, on-site and virtual product demonstrations, and deal closing — for SMB clients, backed by CRM-driven pipeline discipline. Also built a partner-led lead generation channel from scratch, designing a prospect funnel that fed qualified opportunities into the sales pipeline at a 30-meetings-a-month cadence. Comfortable on the field, in front of SMB stakeholders, and accountable for revenue outcomes rather than just activity.
